Jug Bay Award Winner, Karyn Moline

- Congratulations and thank you for your decades of work to increase awareness of our natural world, encourage stewardship of the land and water, and promote ecological investigations. You have helped to foster a greater understanding of the importance of protecting the Patuxent River.

Friends of Jug Bay 2020

Activities

- Streamlining Business Processes:
 - Transitioned to a new payment system using Square instead of Pay Pal
 - Membership system updated in Neon
 - Thank you for your patience as we continue to work things out!
 - Membership year changed to coincide with the calendar year
 - Did your membership expire at the end of March? Please renew online!
- Events and Outreach:
 - Soup and Science programs (became virtual for 2021)
 - Continued to publish Marsh Notes quarterly
 - Produced new membership brochure
 - And then there was COVID 19... could not hold most of our typical events 😞
- Support:
 - Scholarship opportunities for Nature Escape program
 - Three research internship stipends and support for publishing intern's research from 2018 on emerald ash borer in the scientific journal Northeastern Naturalist
 - Assistance with science fair judging

Goals for 2021: People Goals

Recruit/train a Treasurer

- Al Tucker has simplified and streamlined processes
- Critical need going forward

Recruit board/committee members

- Event planning
- Fundraising
- Social media

Process Goal: Technology

- Learn more about Neon capabilities
- Train more board members to use Neon
- Streamline processes (Work smarter, not harder!)

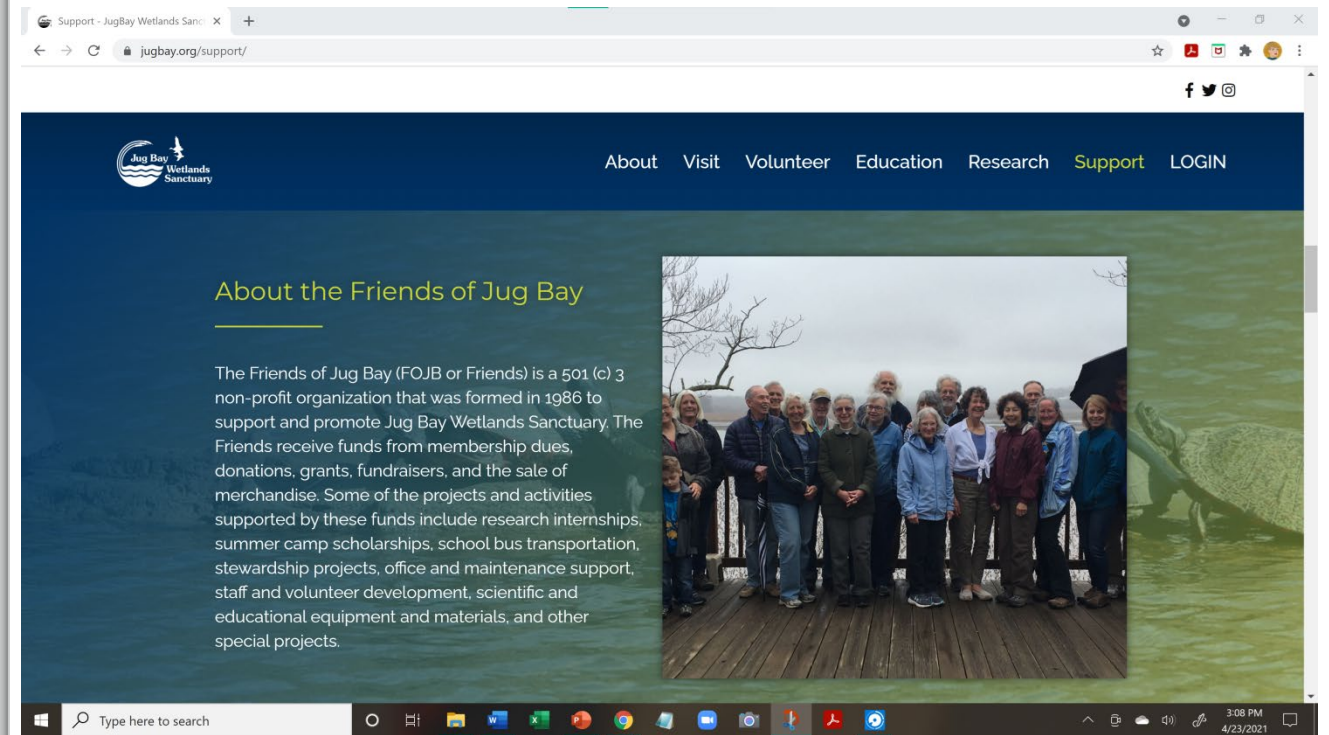

Process Goal: Membership

- Continue efforts to sustain existing members and recruit new members
- Streamline membership processes, especially around membership renewals

Process Goal: Communications

- Use the Support page of the Jug Bay website more effectively for communicating activities and events, calls for action

Process Goal: Fundraising

- Use Riggleman House creatively for fundraising events
- Raise \$20K over two years for JBERD Field Station

Introducing the
JUG BAY
EDUCATION, RESEARCH
AND DISCOVERY (JBERD)
FIELD STATION

Located at Jug Bay Wetlands Sanctuary, in southern Anne Arundel County, Maryland, our Field Station will support **environmental research, outdoor education, the enjoyment of nature, and the conservation of valuable habitats** in Maryland's coastal plain.
